

Списък на участията в научни мероприятия

1. **B. Georgieva**, I. Podolesheva, D. Nihtianova, I. Konstantinov
Nanosized Tin-oxide layers – new method of preparation and humidity sensing properties
Progress in Materials Science through Electron Microscopy, 28.09 - 3.10.2002, Berlin
– постер
2. **B. Georgieva**, I. Podolesheva, D. Nihtianova, I. Konstantinov
Nanosized Tin-oxide layers – new method of preparation and humidity sensing properties
Fourth Workshop on Nanoscience & Nanotechnology, октомври 2002
3. **Georgieva B.**, Podolesheva I., Pirov J., and Platikanova V.
Tin oxide Humidity sensors operating at room temperature, obtained by coevaporation of TeO_2 and Sn
3rd International Symposium on irradiation phenomena in chalcogenide, oxide and organic thin films, Tryavna, Bulgaria, June 15-19, 2005 – постер
4. **Georgieva B.**, Podolesheva I., Pirov J., and Platikanova V.
Humidity sensing properties of amorphous doped SnO_2 layers
7th National Workshop Nanoscience&Nanotechnology 2005 - постер
5. **B. Georgieva**, I. Podolesheva
Thin polycrystalline SnO_2 layers as a base for resistivity gas sensors
9th National Workshop Nanoscience & Nanotechnology, November 28 – 30, 2007
Sofia, Bulgaria- постер
6. **Б. Георгиева**, И. Подолешева,
Тънки поликристални слоеве от SnO_2 като основа за съпротивителни газови сензори
10-ти юбилеен зимен семинар на младите учени и докторанти, 14 - 16 декември, 2007 г. ТД – БАН, Витоша - усстен доклад
7. **Б. Георгиева** и И. Подолешева,
Нов метод за получаване на тънки слоеве от SnO_2
I пролетен семинар на младите учени и докторанти от БАН „Интердисциплинарна химия” – 16-18 май 2008 г. ТД – БАН, Витоша - усстен доклад
8. **B. Georgieva**, I. Podolesheva and J. Pirov
Nanostructured layers for ethanol sensors on the basis of Pt doped SnO_x
10th National Workshop Nanoscience & Nanotechnology, November 27 – 28, 2008
Sofia, Bulgaria – постер
9. **B. Georgieva**, I. Podolesheva, G. Spassov
Characterization and ethanol sensing properties of Pt doped Sn-O-Te thin film
2nd International Conference NANO HARD 2009, May, 24-27, Sozopol, Bulgaria - постер
10. **B. Georgieva**, D. Nihtianova, J. Pirov and I. Podolesheva
Morphology and gas sensing properties of as-deposited and thermally treated doped SnO_x layers

16th International Summer School, 28 Sept – 02 Oct 2009, Sunny Beach, Bulgaria –
постер

11. **B Georgieva**, I Podolesheva and G. Spasov

Room temperature humidity sensors on the base of co-evaporated TeO_2 and Sn

17th International summer school on vacuum, electron and ion technologies, 19 - 23
September 2011, Sunny Beach, Bulgaria – постер
